

# Positioning your digital world

Sit-Stand Workstations & Adjustable Desks • Display Mounts • Charging Systems

**ERGOTRON®**

Global (English)  
November 2014

# Wellness. Productivity. Balance. Feel the difference.

**We are committed to making ergonomics affordable for computer users everywhere, helping to make lives healthier and more productive**

This commitment began back in 1982 when Ergotron was founded by Harry Sweere, pioneer and visionary author of the Video Electronics Standards Association (VESA) Flat Display Mounting Interface (FDMI) standard. Defining mounting compatibility for plasma and LCD monitors and TVs, these standards are used by the majority of manufacturers worldwide, establishing Ergotron's long history of innovation and ergonomic mounting leadership.

This passion for human-centered designs led to the introduction of Constant Force™ (CF™) lift-and-pivot motion technology, providing more motion with less effort, and a difference you can

feel. Today Ergotron has 85 issued and pending patents, including those for the first LCD articulating arms.

Ergotron offers you true ergonomic designs based on scientific anthropometric studies, accommodating up to 95% of the population. Adapting to your physical needs, you'll find Ergotron products bring ultimate adjustability while enhancing your overall health, comfort and productivity. This is a difference you can trust.

**We're still fulfilling the mission.**

## Awards

Ergotron products improve the human interface with digital displays and have been recognized throughout the industry for innovative design and engineering excellence.

**NORTEK** A Nortek Company

## Lifestyle innovations for home and work

Like other members of the Nortek family, Ergotron is driven by constant innovation with a singular, unified purpose: to make our customers' lives better. All Nortek brands are conceived of out-of-the-box thinking, fueled by cutting-edge technology and ignited by a robust management philosophy that promotes operational excellence. From product design to performance and support, every Nortek product group sets a new standard and improves how our global customers live and work.

Nortek's five product groups include Display Mount Solutions, Residential Ventilation, Technology Solutions, Residential Heating & Cooling, and Custom & Engineered Solutions.

WorkFit-T arrives fully assembled and sits right on top of virtually any surface; it easily moves vertically 15" (38 cm) to provide sit-stand comfort for a broad range of users

## NEW! WorkFit-T

Invigorate your work day with this ultra simple and flexible sit-stand desktop workstation!

Tired of sitting in front of a computer all day? Ergotron's WorkFit-T desktop workstation promotes proper ergonomic positioning and inspires a healthier sit-stand work routine.

Counterbalancing mechanism uses Constant Force™ Technology to facilitate quick height adjustment; patent pending

- Stable workstation sits right on top of most surfaces 24" (61 cm) deep or larger; no mounting or clamping required
- System easily lifts straight up and down to minimize intrusion into the workspace
- Provides 15" (38 cm) of easy height adjustment
- Ships fully assembled – no tool adjustments needed – making it easy to retrofit existing spaces
- Set one or two monitors or a monitor and laptop directly onto the workstation surface; optional monitor kits sold separately
- Supports 10–35 lbs (4,5–15,9 kg) of external weight
- Keyboard moves in tandem with the worksurface and is positioned 4.5" (11,4 cm) below it
- Generous worksurface: 35" wide x 23" deep (88,9 cm x 58,4 cm)
- Five-year warranty: tested and guaranteed!

Experience even more health benefits with "Steppie"!

Accessorize your sit-stand workspace with a Steppie Balance Board and achieve even greater health benefits of movement. The gentle, slight motion of balancing on Steppie can make it easier to stand for longer periods of time. Plus, it can help to improve circulation, balance and posture, while strengthening core musculature and joints.

## Empowering smart learning LearnFit™ Adjustable Standing Desk

Today's sedentary lifestyles are affecting our youth and their classroom performance. Compound this with pressures to sacrifice physical education time for more classroom time for the core subjects.

Studies show that introducing low-level physical activity into the classroom has a positive impact on student health, classroom engagement and academic performance.

Transform classrooms into active learning environments with on-demand height-adjustable student desks.

### Several benefits of LearnFit include:

- Encourages healthy student behavior that leads to physical and academic improvements
- Each student instantly and intuitively personalizes the desk to his or her preferred height using the hand lever
- No need for school staff to make adjustments before, during or after school hours
- One size fits all: 20" (50 cm) worksurface height range accommodates students from 50" (127 cm) tall (approximately age 9) to 77" (196 cm) tall
- Mobile casters—easily roll the LearnFit desks to quickly reconfigure classrooms for small group collaborative breakouts, and easily return to full classroom configuration when done; the casters lock as well
- Rugged and proven design—includes exclusive patented Ergotron Constant Force™ Technology
- Optional accessories: storage basket holds class supplies; adjustable classroom stool supports sit-stand activity

**LearnFit Adjustable Standing Desk**

Part # (color)	24-458-200 (black)

## PowerShuttle® Charging Systems

Chromebook™ • Windows® 8 • Android™  
Surface • Ultrabook™ • MacBook® • iPad®

### Universal design

- Accommodates up to 30 tablets, Chromebooks, MacBooks or laptops
- Two country-specific power strips are provided to plug-in AC adapters of varying sizes and shapes

### PowerShuttle technology

- Innovative PowerShuttle technology automatically optimizes total charge time for up to 30 devices and safely prevents overloading electrical circuits by efficiently grouping the number of devices that are charged at one time
- Charging time reduction of approximately 30% over competitive round-robin charging systems

### Durable, secure storage

- Robust key and lock assembly keeps devices secure
- Double-hinged, locking steel front doors with recessed handle open 180° to reveal notebook storage shelves
- Rugged steel frame construction, steel front and rear doors, and molded fire-rated ABS exterior withstand heavy use
- Secure back compartment provides IT access to AC adapter storage and power strips. Clean, neat cable management runs power to units
- Lightweight; this compact cart design makes it easy to safely move from room to room
- For user and equipment safety, the entire cart is tested and certified to UL 60950 and 1667 standards

Ergotron's flexible design cleanly accommodates a variety of brick-and-plug styles for adapters that won't fit in standard outlet strips

Country-specific 12-receptacle outlet strip is designed to work with oversized wall adapters and mini-sized bricks

## Tablet Charging Wall Mount 12

This slim storage cabinet is perfect for charging and securing up to 12 tablets and Chromebooks. It's designed to be compatible with a wide variety of manufacturers like Microsoft, Samsung, Apple, Lenovo, HP, Dell, Amazon, Asus, Acer and many others.

### Features include:

- Low-profile design protrudes less than 6" (15.2 cm) from the wall saving space
- Open architecture design works with most tablets (including Android, Windows, and iPad) and Chromebooks with up to 11.6" displays
- Smooth sliding door provides easy access to devices and stays within the sleek profile
- Show & Stow™ technology tilting tablet trays make loading and unloading devices simple. Pull trays out to load or unload and they will automatically retract
- Six-point locking bracket keeps devices safe and secure
- Quick, simple installation; mount the bracket on the wall, hang the cabinet and secure with two heavy-duty screws
- For user and equipment safety, the entire cabinet is tested and certified to UL 60950

# Tablet Management for iPad® Devices

## Charge. Sync. Secure.

- Charge and sync up to 48 iPad devices at once from one location
- Switch from charge to sync mode by connecting a Macintosh® or PC
- Accommodates most iPad cases
- Designed for use with Apple® Configurator and iTunes®
- Tablet management carts feature a small footprint making them easy to maneuver through tight aisles and easy to store
- Ventilated, enclosed storage keeps tablets safe and secure
- Steel framework with durable locking steel doors
- Wall Mount 10 features Show and Stow™ technology. Devices are presented to user when door is opened
- Individual Status Indicators (ISI) monitor charging progress of each tablet (refer to product chart below).

### Laptop Locker for safe and secure storage

An easy addition to Ergotron's Tablet Management Carts and Desktop 16 products, our Laptop Locker provides safe, secure storage for a laptop or other small accessories. Includes six-point locking bracket. 97-829

## Empowering smart learning

The integration of a 21st-century “smart” campus relies on the infusion of useful, relevant technologies to meet the demands of the instructor and their multimedia, multi-linked mobile students. Ergotron’s broad portfolio of display mount and mobility products can be an essential part of the technology platform supporting dynamic learning environments.

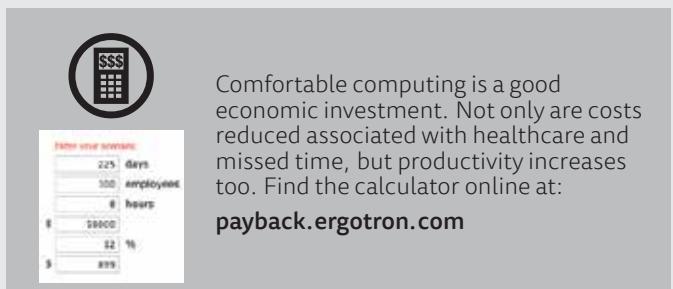

See how Ergotron products are used every day.

## The adjustable office

It's time to redefine the 21st-century workspace with an emphasis on health, productivity and affordability. Well-designed workspaces minimize absenteeism and promote job satisfaction, offering employees new alternatives to stay energized and fit while they work. Explore which desk, wall or mobile solution will adapt to your company's physical and workflow demands.

## Real-time productivity with multiple monitors

Spending a lot of time comparing data and toggling between applications? Minimizing, maximizing, resizing and moving between windows? Increasing your screen "real estate" allows you to complete tasks faster, and more efficiently, with average productivity increases of 20% or more. To maximize productivity, ergonomics and multi-monitors should be part of the equation.

### Multi-monitor outperforms single monitor

#### Productivity benefits

- 33% fewer errors
- 18% faster in errorless editing of multiple tasks
- 16% faster edits throughout the task
- 10% more errorless edits generated
- 6% quicker access to tasks (opening, sizing, aligning windows, etc.)

#### Usability benefits

- 45% easier task tracking (finding windows, referencing text, etc.)
- 38% easier to move sources of information around
- 32% faster to perform tasks
- 29% more effective for tasks
- 24% more comfortable to use in tasks
- 19% easier to recover from mistakes
- 17% easier to learn how to accomplish the task

NEC Display Solutions, University of Utah and ATI Technologies, Productivity and Multi-Screen Displays, October 2003

Lift both notebook computer and docking station off the workspace to reclaim valuable surface area; use with or without a docking station

## Add flexibility with Neo-Flex Arms

Easily position your monitor, tablet and keyboard with our low-cost Neo-Flex Arms. Ease of flexibility ensures your devices are placed properly for ergonomic computing comfort. Neo-Flex Arms are especially ideal where people share the same workspace.

The Underdesk Keyboard Arm is a 'must-have' for extensive keyboarding, providing a full range of adjustment—lift, lower and tilt—for optimum comfort. It also stores the keyboard under the worksurface when not in use.

Use our Quick Finder tool to find the perfect mount for your display at

## Sleek, streamlined and ready for productivity

Our line of LX desk mounted arms provide maximum adjustability for more comfortable computing. Easily position your large display (up to 46") exactly where you want it and reclaim valuable workspace by doing so. Sleek and beautiful, LX Arms are constructed from durable polished aluminum.

Now available as a WorkFit Sit-Stand solution for a healthier way to work.

### WorkFit-LX

The modular and flexible design of the WorkFit-LX fits almost any space while enabling personalized ergonomic positioning. It offers unparalleled range of motion, easily accommodating a user's sitting or standing position. Features 20" (51 cm) of height adjustment, 62" (157 cm) of side-to-side motion and 33" (84 cm) of extension.

### Thin Client Mount

Offers an easy method for integrating a thin client or small CPU into your workspace. (80-107-200)

## Bring the message to your audience

Whether communicating powerful, attention-grabbing graphics or streaming video, the appeal of digital signage is in its quick and effortless ability to manipulate content in real-time to influence audience behavior. However, one of the keys to implementing a powerful message is effective positioning. This is where Ergotron can help. Our innovative line of display mounts and mobile workstations move content to the audience, creating a powerful impact.

Boost profits and increase traffic with Ergotron digital signage mounting and mobility solutions.

## Attach your flat panel to just about any wall with ease

Ergotron's engineering has created a broad offering of fixed and adjustable solutions to fit the spectrum of display sizes.

The LX Wall Mount LCD Arm extends up to 25" (64 cm) and retracts easily to free up valuable space when not in use.

## LX Sit-Stand Wall Mount Highlights

- Ultimate flexibility of monitor and keyboard positioning enhances personal interaction between the caregiver, patient and the patient's data
- 20" (51 cm) height range allows users to switch between sitting and standing positions for a healthier way to work
- Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position to increase comfort and help avoid repetitive-stress injuries
- Keyboard platform is very stable for extensive data entry and tested to be 3X more rigid than other keyboard arms
- Rotation Stop on wall mount base limits turn of extension base connection to 180°, preventing extension from contacting wall
- Secure installation — locking connections between arm, extension and base

## Serving the healthcare industry for more than 20 years

With more than 30 years of designing ergonomic solutions for computer users worldwide — and 20 years specifically in healthcare — Ergotron is uniquely qualified to help your entire facility enhance personal interaction, expand the reach of care and improve operational efficiency.

Our portfolio of products serving the healthcare industry include:

- **Point-of-care wall mount products** to enhance personal interaction between caregivers, their patients and patient data
- **Point-of-care StyleView carts** designed for nurses and personalized to enhance workflow and caregiving
- **Telepresence StyleView carts** that are easy to use and affordable to implement
- **Charging systems** that charge, sync and/or secure multiple mobile devices; available as carts, wall mounts or desktop solutions
- **Ergonomic workstations** provide computer users with comfort and mobility for a healthier way to work

### OSHPD

#### Office of Statewide Health Planning and Development

Ergotron's wall mount products received OSHPD OPA Pre-approval numbers for mounting in hospitals and healthcare facilities throughout California on October 13, 2009. These standards help ensure patient safety during an earthquake and help make it possible for facilities to continue to function and care for the injured after an earthquake.

OPA #	Applicable wall mount solution/configuration
2338-07	Wall Track and all possible associated arms – direct to stud (16" on center)
2339-07	Wall Track and all associated arms (including StyleView Vertical Lift) – external mount
2341-07	StyleView Vertical Lift – internal mount
2340-07	StyleView Enclosure – direct to stud (16" on center)

To learn more about Ergotron's commitment to OSHPD compliance visit [www.ergotron.com](http://www.ergotron.com)

## Sit-stand ergonomics—secure, compact and enclosed

Perfect for space-constrained patient rooms

StyleView Enclosures provide a smooth vertical height adjustment and folds up into a slim, compact unit when not in use.

### Sit-stand ergonomics

Move from a sitting to a standing position whenever you want.

True ergonomic designs provide a healthier, more comfortable way to work.

### Extreme security and stability

A keyless locking mechanism protects patient data for compliance with privacy requirements and a unique cable management system conceals and organizes the cords, making cleaning a snap! Its stable, slide-out keyboard can support extensive data entry.

## Worksurface with pull-out keyboard tray facilitates caregiver workflow

- ① Patented Constant Force™ lift-and-pivot motion technology provides premium 25" (63,5 cm) LCD height adjustment, portrait-to-landscape rotation and 30° tilt
- ② Durable, easy-to-clean exterior composed of aluminum and high-grade plastic
- ③ Integrated mouse and barcode scanner holder provide easy access
- ④ Fold-down worksurface/keyboard tray to support workflow needs. Worksurface is 22.75" W x 10.6" D (57,8 x 26,9 cm). Keyboard tray is 18.6" W x 9" D (47,2 x 22,8 cm)
- ⑤ Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position during data entry. Includes slide-out mouse tray

- ⑥ Clean, concealed and neat routing of cables through the expansive cable management system
- ⑦ Extend LCD and keyboard up to 43" (109 cm) from wall; fold equipment back out of the way when not in use. With worksurface in storage position, system depth is as little as 8" (20,3 cm). With keyboard in storage position, system depth is as little as 12" (30,5 cm)
- ⑧ Optional Extender Arm (45-261-026) increases range of motion for even greater reach

StyleView Sit-Stand Combo System with Worksurface and Extender Arm folds to 8" (20,3 cm)

StyleView Vertical Lift for high-traffic areas folds up into a slim, compact unit when not in use

## Compact ergonomics; extremely low profile

Ideal for patient rooms and high-traffic areas, StyleView Vertical Lifts give caregivers ergonomic comfort in a compact, low-profile wall mounted workstation. In a patient room setting, the pan of the keyboard and display promotes interaction, and the slide-out keyboard tray provides caregiver with comfortable data entry. Units fold up to as little as 4" (10,2 cm) deep when not in use.

Sit-Stand Vertical Lifts allow users to adjust between sitting and standing working heights. The entire system—monitor, keyboard and mouse—moves vertically 18" (46 cm) with a single, smooth motion to accommodate the heights of multiple users.

# Your cart. Your way.

## Nurses, meet your new StyleView® Cart

Personalize your cart to suit your team's workstyle and flow. That's the genius behind our 6th-generation StyleView carts.

We've been listening. You'll find all the great features that have made StyleView a market leader. Now you have the broadest options to create a comfortable, fully adjustable medical cart—one that supports you and the care you give.

## StyleView Transfer Cart

A multi-purpose healthcare cart designed to streamline caregiver workflow and complement StyleView carts. From pharmacy to patient floor, the StyleView Transfer Cart securely stores, transports and dispenses medications and other supplies.

### Key features include:

- Holds up to 120 small or 40 large drawers, accessible from either side of cart
- Supports 20 or more StyleView carts depending on drawer configuration
- 36 shelves are removable or repositionable to accommodate envelope drawer or taller items
- Top cover supports 25 lbs (11.3 kg) and its 41"-high (105 cm) surface is a convenient operational height when standing; raised edges prevent spills
- Secure: doors unlock electronically using programmable 5-digit PIN or via manual lock

- Premium, 5" (13 cm) swiveling casters move the cart with ease over thresholds and any floor type
- Includes a scanner holder and can support an Ergotron LX LCD Arm or laptop tray
- Smooth exterior surface makes cleaning easy

## SV Cart Finder

Use the Cart Finder tool on [ergotron.com](http://ergotron.com) to find your perfect cart

### **+** Choose display mount: LCD Arm, LCD Pivot, Laptop

### **+** Choose powered or non-powered:

Lithium Iron Phosphate (LiFe), Sealed Lead Acid (SLA), non-powered

### **+** Choose storage options:

no drawers, manual key-lock drawers, secure electronic drawers with keypad

### **+** Accessories: Storage Bin, Sani-Wipes Holder, Scanner Shelf and more

Learn more about point-of-care solutions to enhance personal interaction at

**i** [styleview.ergotron.com](http://styleview.ergotron.com)

## NON-POWERED CARTS: SV40/SV41 (no drawers) & SV43 (with drawers)

### Examples of various drawer options for non-powered SV43 Carts

Visit [www.ergotron.com](http://www.ergotron.com) for all non-powered StyleView Carts, configurations, accessories and part numbers

### Add portable, dependable power to non-powered StyleView carts

**SV LiFe Power Upgrade System** uses safe and lightweight Lithium Iron Phosphate batteries to provide long life with ultrafast recharge times

- 12V, 330Wh LiFePO<sub>4</sub> battery weighs only 8.1 lbs (3.7 kg); includes LED charge status indicator
- Delivers full power to cart while simultaneously charging battery
- Fully-certified on-board charging system—no need to swap batteries
- Ultrafast charging time—about 3 hours; 10A charge rate
- LiFe battery chemistry is safe and offers greater power capacity
- Exceptional warranty is included (see website for details)

## Superior ergonomics and maneuverability for the largest range of nurses

Attractive, lightweight and ergonomic, StyleView carts meet the individual needs of the caregiver while supporting the application-specific needs of point-of-care.

## LiFe or SLA-POWERED CARTS: SV44 (with drawers) & SV42 (no drawers)

Examples of various drawer options for powered SV44 Carts

Visit [www.ergotron.com](http://www.ergotron.com) for all powered StyleView Carts, configurations, accessories and part numbers

LiFe

### Why choose a StyleView Cart powered with Lithium Iron Phosphate (LiFe)?

#### Extremely lightweight and adjustable

The LiFe power system and compact, lightweight base combine with StyleView's ergonomic adjustability to decrease caregiver fatigue and enhance overall wellness and productivity

#### Ultrafast recharge

A full recharge from full discharge can be completed in around two hours for typical loads.

#### Long battery 'LiFe' minimizes time and cost for maintenance and replacement

Proven to achieve thousands of cycles per lifetime and to last several years in a typical healthcare setting

#### Safe and certified

For patient and caregiver safety, the FULL cart and power system are certified to UL 60601-1

#### Includes FREE StyleLink software

Install, access and manage your StyleView power systems from a remote location across WAN, LAN or VPN

#### Proven safe battery chemistry

Through extensive testing, Lithium Iron Phosphate is proven to be a very safe battery chemistry

#### Telemedicine Bin Accessory for SV44 Series

This accessory provides connectivity and storage for USB diagnostic devices. The bin can be configured with up to three individual compartments, providing ample and secure space for devices and their cords, with one USB port in each compartment. Two additional ports are conveniently located on the exterior of the housing. (97-854)

**LiFe Cart** features include worksurface, four-port USB hub, scanner holder bracket, mouse holder, wrist rest, back-tilt keyboard tray, left/right mouse tray, rear handle, storage basket, cable storage, four casters (two locking)  
Warranty: 5 years for cart, 2 years on all power supply components; 5 years on LiFe battery, including 2-year capacity guarantee

**SLA Cart** features include worksurface, four-port USB hub, scanner holder bracket, mouse holder, wrist rest, back-tilt keyboard tray, left/right mouse tray, rear handle, storage basket, cable storage, four casters (two locking)  
5-year warranty, excluding electrical/electronic components

## Free, industry-leading StyleLink software with enterprise capabilities

StyleLink's three-part software package (Enterprise, Client, Graphing Tool) offers broad system and platform compatibility for global healthcare customers deploying Ergotron StyleView Carts with power.

### Extend Asset Life Cycle

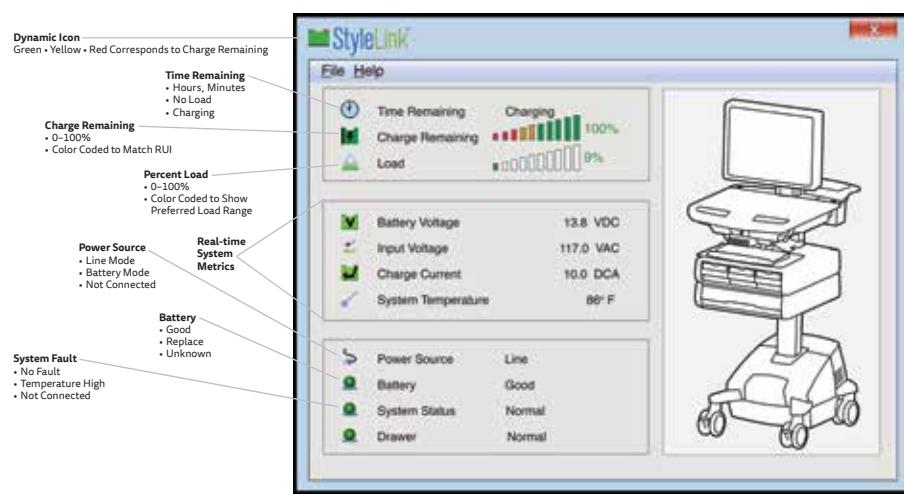

Optimizes balance between runtime and cycle life

### Proactive Power System Management

Eliminate surprises through use of diagnostic tools, simplifying power system management and reducing time required to fix problems

### Reduce Total Cost of Ownership

Reduce costs for maintenance; eliminate need for expensive onsite technical support by leveraging diagnostic capabilities. Simply email StyleLink's history data file to Ergotron Tech Support and they will help troubleshoot power system performance issues

### Enterprise Capabilities

Remote enterprise monitor: access your carts across WAN, LAN or VPN to get real-time information

### Advanced Drawer Management

Each drawer individually controlled with PIN; program locally or remotely via enterprise

Collaborate.

### Easy and affordable telehealth options from Ergotron Healthcare

Healthcare services delivered at anytime, from anywhere

- Expands access by allowing physicians and health facilities to extend their reach without geographic or socioeconomic limitations
- Brings specialization to rural, remote, underserved and/or senior populations
- Manage costs—can provide consistent, lower-cost care to patients with chronic diseases
- Promotes sharing of staff; reduces travel
- Increases patient satisfaction and trust because it may help to lower stress, replace travel, reduce costs of care and deliver remote expertise

Displays, cameras and CPU components shown are sold separately.

Learn more about expanding the reach of care at

 [healthcare.ergotron.com](http://healthcare.ergotron.com)

## StyleView Telemedicine Carts

StyleView Telemedicine Carts are specifically designed and configured to support the increasing demands of telehealth – the use of telecommunication technologies for remote patient care. Telemedicine can expand care by enabling connection and collaboration with specialists or teams, regardless of their physical locations.

### Open architecture

Allows for easy integration of standard equipment

### Lots of connectivity

A total of 5 USB ports are integrated into cart (3 within bin and 2 on the back side); 1 ethernet port is available on the side of the head unit

### Everything you need

Camera and Codec/CPU support, secure and ample storage, connectivity and power outlets

Secure, auto-locking drawer system

### StyleView quality

Hospital-grade construction, ergonomic and secure

### Worldwide availability

### Safety certified

Entire cart and power system is certified to UL/EN/IEC 60601-1 and CAN/CSA C22.2 No.601.1 M90. (Other country-specific certifications currently pending)

Large, configurable bin provides 3 USB ports, adjustable dividers and secure storage for several diagnostic devices with cables

Cart designed for neat and compact cable management

Two additional USB ports are accessible on the back side of bin for connecting additional devices

## StyleView Telepresence Carts

(North America only)

Telepresence allows medical professionals to conduct 'virtual' patient appointments easily and cost-effectively. This capability is particularly effective for patients with physical limitations, chronic illnesses and/or transportation issues, so it's ideal for in-home care or care facilities.

### Transform a StyleView Cart\* into a low-cost telepresence cart

(Available worldwide)

Telepresence Kits let you easily convert an existing StyleView cart\* for use in telepresence applications—combining the power of videoconferencing with the point-of-care benefits of StyleView. Upgrade kits include a large storage drawer (with divider and keys), travel stop, camera shelf for video/web camera, and a Codec/CPU holder. Then choose from single, dual or back-to-back monitor options.

#### StyleView Telepresence Upgrade Kits:

97-870 SINGLE MONITOR

97-871 DUAL MONITOR

97-872 BACK-TO-BACK MONITOR

# Improve efficiency, increase production

Outfit an entire facility to support your lean manufacturing initiatives. Ergotron manufactures computing mounts that are secure and rugged to help protect your hardware investment while ergonomic designs help ensure employees' health. That's real-time adjustability and mobility to help extend staff and capital resources.

## Differentiation

Instant adjustability facilitates better Electronic Work Instruction (EWI) by bringing data to where individual operators need it most.

## Efficiency

Studies show significant productivity increases where employees are provided with well-designed ergonomic workstations.

See how Ergotron products are used every day.

Industrial Interactive Virtual Tour [www.ergotron.com](http://www.ergotron.com)

## Return

Modular and mobile products occupy little or no floor space; easily configure or reconfigure to meet a wide range of worker or application needs.

## OEM opportunities

Using our proprietary technology, Ergotron serves OEM customers that are among the world's largest selling brands. Our China facility performs 100% end-of-line testing, life-cycle testing on each lot, and other in-process tests that ensure the highest quality products.

## Environmentally responsible

Your Ergotron mounting solution complies with all international environmental regulations related to its design, manufacture and packaging.

## Manufacturing excellence

Certified to ISO 9001:2008. This certification demonstrates Ergotron's commitment to employing best practice procedures in our facilities.

## Quality tested

Our products undergo a testing regimen that is unmatched in the industry. Ergotron strives to provide the highest levels of trouble-free field performance and unsurpassed product longevity, delivering peace of mind to both resellers and customers.

Wellness. Productivity. Balance. **Feel the difference.**

**Industry compliant**  
Ergotron video display mounts are compliant with mounting interface standards set by the Video Electronics Standards Association (VESA).

## Display Compatibility Guide

VESA	LCD Size	LCD Weight	Hole Mounts
MIS-B	4–7.9" 10.2–20.1 cm	≤ 4.4 lbs ≤ 2 kg	50 x 20 mm
MIS-C	8–11.9" 20.3–30.2 cm	≤ 10 lbs ≤ 4.5 kg	75 x 35 mm
MIS-D	12–22.9" 30.5–58.3 cm	≤ 30.8 lbs ≤ 14 kg	75 x 75 mm 100 x 100 mm
MIS-E	23–30.9" 58.4–78.6 cm	≤ 50 lbs ≤ 22.7 kg	200 x 100 mm
MIS-F	≥ 31" ≥ 78.7 cm	N/A	200 mm increments

LCD Size in all charts is approximation only. Use LCD Weight as guide for choosing mounting solution; exact capacity depends on thickness of display. Hole Mounts are width x height. Compatibility is predicated on the assumption that displays are VESA compliant (hole mount is centered on display's center of gravity).

## Notebook ergonomics

If computing for longer than an hour or two, take the following steps for ergonomic wellness: elevate your laptop so you can see the screen without bending your neck; connect a separate keyboard and place it where wrists are flat while shoulders and elbows are relaxed; pay attention to your posture. For a quick solution, check out our Neo-Flex Notebook Lift Stand.

## Accessories

**Universal Tablet Cradle**  
80-106-085 (black)  
Includes tablet cradle, sliding bracket, attachment hardware

**Quick Release LCD Bracket**  
60-589-060 (black)

Allows for quick removal and connection of displays to an Ergotron arm, stand or wall mount

**Track Bracket**

for 200 Series or LX Arm

97-091 (aluminum)

for CPU Holders

60-156 (aluminum)

**Fasteners for Wall Track**

for wood or metal studs

97-531

(Available N. America, EMEA)

for hollow walls 90-011

(Available N. America, EMEA)

**Monitor & Handle Kit** (black)  
97-760-009  
Dual Monitor & Handle Kit for Interactive Arm (black)  
97-718-009  
Dual Monitor & Handle Kit (black) 97-783

**Small CPU Holder**  
80-063-200 (black)

Attach directly to wall, or use with Wall Track (requires 60-156) or Wall Plate (Available N. America, EMEA). Size range: 13" to 31" (3.5–9.5 cm) wide; accommodates most small form factor and ultra small form factor CPUs

**Wall Track 10'L** (25 cm)  
31-016-182  
**Wall Track 26'L** (66 cm)  
31-017-182  
**Wall Track 34'L** (86 cm)  
31-018-182  
**Wall Track 42'L** (107 cm)  
31-039-182  
(Available N. America)

**Medium CPU Holder**  
97-468-202 (silver)

Attach directly to wall, or use with Wall Track (requires 60-156) or Wall Plate. Size range: 2-8" (5–20 cm) wide; includes plastic spacer to accommodate most small form factor and ultra small form factor CPUs

**Wall Plate 97-101-003** (aluminum)  
Use with 100 or 200 Series, LX Arms or CPU Holders to add extra support

**LX Sit-Stand Extension**  
45-362-026 (polished aluminum)

Add a second extension to your LX Sit-Stand Keyboard Arm to increase reach by 11.7" (30 cm). Also works with the Interactive Arm LD to give it another point of rotation while extending the distance your TV can span.

**Large Utility Shelf** (grey)  
97-540-053  
This secure and sturdy shelf supports projectors, printers and other small peripherals

**VESA Adaptor Kit**  
100 x 200, 200 x 200,  
400 x 200 mm,  
400 x 400 mm  
97-759 (steel)

See website for complete general accessories list

**LX Extension**  
45-289-026 (polished aluminum)  
Add a second extension to your LX Arm and increase its reach by 9" (23 cm). Only one additional extension is allowed per configuration. Extension cannot be added to Dual Desk Mount Arms (45-245-026, 45-248-026)

## Customer service and product support that's second to none

Expect a superior customer experience when you choose Ergotron. Our quality products are backed by specially trained support professionals and optional extended service programs that protect your investment and optimize your on-going product performance.

### Customer care includes:

#### 800# support line

Live 24/7 support in English; support during country hours in English, Spanish, French, Dutch, Italian, Russian, German, Greek, Mandarin and Japanese

#### Chat and email support

Our specialists connect with you real-time via live chat and email

#### Technical support

Rigorously trained technicians work with you to troubleshoot product and installation issues, manage service contracts, handle dispatching and answer/resolve warranty questions and issues

#### Sales support for resellers

Our field service group supports regional territory sales, and also participate in customer events with TESS (Ergotron's Traveling Equipment Solutions Showroom)

### Extended Global Service Programs protect your investment and ensure optimal product performance

A wide range of extended Global Service Programs are available to provide additional support and benefits:

#### Site readiness

#### Fast, efficient equipment installation and integration

Certified technicians conduct and manage every phase of product installation (including hardware integration, adjustments and computer installation with cable management)

#### Preventive maintenance and extended warranties

Optimal product performance for increased uptime

#### Improved asset management

Lower total cost of ownership; extended product life

#### Enhanced in-house product expertise

Training and transfer of technical knowledge to your internal staff

### Equipment audit and health assessment

Receive an accurate inventory and health assessment of all deployed Ergotron equipment and assets.

### Next-business-day (NBD) service contracts

Receive NBD service from our network of certified providers to minimize equipment downtime. Various contract levels are available to meet your unique needs: Bronze, Silver, Silver+, Gold and Platinum

### Annual contracts and planned services

Options range from a single preventive maintenance visit to a 5-year complete service contract

### Product recycling

Ergotron encourages environmental responsibility by offering a recycling program for our (and even our competitors') products

**100% satisfaction—guaranteed!**

## Stand more. Sit less. Start now!

Research shows sitting too much is unhealthy.  
Unfortunately, standing all day isn't practical either.

**Answer:** Get an affordable Sit-Stand workstation and move freely between sitting and standing throughout your day. You'll burn extra calories, tone muscles, improve posture, ramp up your metabolism and be more productive!

[research.juststand.org](http://research.juststand.org)

*"Epidemiologic evidence suggests that the reductions in sitting at the workplace could potentially have considerable impact on cardiovascular disease and type 2 diabetes prevention."*
